

# OCEAN CHECK-IN KIOSK

## Specifications

CognisantMD is proud to offer our clients high quality commercial kiosk stands that are manufactured in Canada and integrate directly with a healthcard swipe reader.

### The Ocean Kiosk Countertop Model

The Ocean Kiosk Countertop Model is a free-standing option, with a compact design that sits nicely on any countertop (reception desk, waiting room table, etc.). It can be set up in either landscape or portrait mode, with a full 90° range of movement for enhanced accessibility. The countertop model is equipped with an integrated cable routing system that offers a clean, cable-free look.

### The Ocean Kiosk Wall-Mounted Model

The Ocean Kiosk with a Tilt Wall Mount is a low-footprint option that is easy to mount on any wall, desktop, or countertop, providing a built-in 90° range of movement for enhanced accessibility. The wall mounted option can be plugged in to a standard outlet (running a charging cable down the wall).

### The Ocean Kiosk Floor Model

The Ocean Kiosk Floor Model is a durable, lightweight aluminum stand with an elegant matte white finish. The stand features a fully enclosed tablet housing and integrated cable routing for a cable-free look. ArmoLock™ security screws keep your tablet secure, while the enhanced WiFi signal transparency ensures that your Ocean connection is not hampered.

### Recommended Hardware Requirements

Running Ocean in Kiosk mode requires a tablet that works with a tested swipe card reader. CognisantMD supports kiosk mode using the Ocean Kiosk Stand with the following hardware:

- ▶ Samsung Galaxy A (10.1") or Samsung Galaxy E (9.6") Tablet
- ▶ Magtek Card Reader Model #21073145
- ▶ Lava Similcharge USB Adapter Model TL-002
- ▶ Extended Micro USB to USB charge cable for Samsung (6' length or more)

### Kiosk Measurements

Stand	Height	Width	Depth	Weight
Floor	46.25" (1175mm)	16.00" (406mm)	18.25" (464mm)	10.15 lbs (4.60 kg)
